Mohamad Morshed ALKASEM

Email: murshedalkasem@gmail.com | Phone: +213 553 97 58 64 | Location: Oran, Algeria

Profile

Master's degree holder electromechanical engineer with hands-on experience in mechanical systems, CNC operations, and automobile electronics. Very well versed with MATLAB, SolidWorks, and vehicle diagnostic software packages. English and Arabic speaker with working knowledge of German and French. Computer hardware expert with interest in ongoing technical learning. Self-motivated and self-disciplined problem solver with practical and improvement-minded attitude.

Education

- **Master's Degree in Electromechanics Engineering**

University of Science and Technology of Oran Mohamed Boudiaf (USTO-MB), ***Oran — 2025***

- Secondary School Diploma

Ahmed Mehsas high school, ***Oran — 2020***

Experience

- **TECHNICAL OFFICE ENGINEER | GTC**
  October 2026 – Present
  - Assigned to the company office to support internal operations and coordination.
- **FIELD ENGINEER | GTC**
  April 2026 – October 2026
  - Supervised on-site construction activities.
  - Coordinated site operations and work activities.
  - Supported the coordination of construction tasks in line with project requirements.
- **STORE MANAGER | Local Market**
  December 2025 – April 2026
  - Managed daily store operations independently.
  - Handled product sales and customer service.
  - Organized merchandise and managed product availability.

- **Intern | Centre de Recherche en Technologie Industrielle (CRTI)**

Platform Technologique en Systèmes Mécaniques, Robotiques d'Intervention et de Service (SMRIS), ***Oran — 22 Dec 2024 – 5 Jan 2025***

  - Operated CNC machine CTX Beta 1250 TC.
  - Assisted in mechanical assembly and electrical maintenance.
  - Participated in research projects within the SMRIS platform.a
  - Received certificate of internship completion.

- Gym Coach | Local Gym, ***Oran — July – Sep 2024***

  - Trained clients and guided workout sessions.
  - Maintained gym equipment and promoted safe training habits.

- Various Temporary Jobs, ***Oran — 2023***

  - Built teamwork, communication, and responsibility skills.

Courses and Certifications

- **Centre de Recherche en Technologie Industrielle (CRTI), Oran**

  - *FDM 3D Printing Course* — ***4–5 November 2024***
  - *Laser Cutting Course* — ***4–5 November 2024***

- TEKWIN Center
  - *Automobile Memory Programming (Programmation des Mémoires Automobiles)* — ***12–17 July 2025***
  - *Automobile Scanner Course* ***— 27–31 July 2025***

- **IEEE Power & Energy Society (PES)**
  - *"The Role of HVDC and Power Electronics in the Future Smart Electric Grid"* — **February 24, 2025**

- Other Online & Technical Training

  - SolidWorks Design and 3D Modeling
  - MATLAB and Simulink for Energy Systems
  - Arduino and Microcontroller Basics
  - Embedded Systems and PLC Basics
  - Trading and Cryptocurrency Course

Self-Study Projects

- Studied C++ programming, reaching intermediate level.

- Learned microprocessor structure and operation.
- Explored PC hardware, including assembly, disassembly, and component selection.
- Studied HTML basics and web fundamentals.
- Completed an online Trading and Cryptocurrency Course.
- Practiced time management and learning methods through online courses.

Academic Project

- **Master's Degree Project** — University of Science and Technology of Oran Mohamed Boudiaf (USTO-MB)
  Optimization of an Energy Management System in a Hybrid Microgrid
  - Designed and simulated an energy management system for a small-scale hybrid microgrid.
  - Integrated photovoltaic panels, wind turbines, battery storage, and electric vehicles.
  - Developed optimization algorithms using MATLAB and Simulink to balance supply, demand, and cost.
  - Focused on improving system efficiency and operational reliability.

Skills

- MATLAB, Simulink, SolidWorks
- CNC Machine Operation & 3D Printing
- ECU Programming & Automotive Diagnostics
- C++ and Arduino
- HTML basics
- PC Assembly & Maintenance
- Trading and Cryptocurrency basics
- Time Management
- Problem Solving
- Self-Learning & Research
- Teamwork & Communication
- Ability to focus for long periods

Languages

- Arabic: Native
- English: B2–C1
- German: A2
- French: A2

Interests

- Computer hardware and PC building

- Programming and electronics
- Technology and innovation
- Reading and writing
- Video games and movies
